

SWIFT, QUIET

COMFORT... WITH DISTINCTION

# Beechcraft BARON

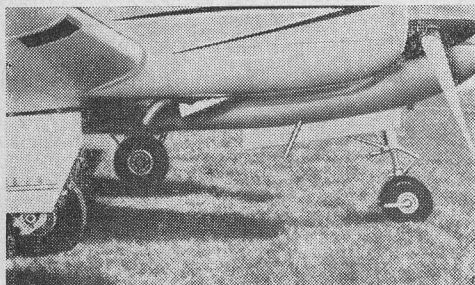

**CONTINENTAL ENGINES** with Fuel injection for powerful, trouble-free performance . . . giving rapid climb over terrain or weather with unequalled quietness.

**SEATS 5 IN COMFORT** Plenty of room for 5 big people and their luggage. Adjustable contoured seats provide comfort on long trips. De luxe appointments throughout.

**Safest  
fastest  
there and  
back**

**EASY LANDING ANYWHERE** Sturdy, tri-cycle landing gear, brings you in smoothly anywhere. 30% more braking action for quick stops. Fully retracted in flight.

For information on local operating costs of the Beechcraft Baron — and a detailed cost comparison with your present company transport — contact
