

# IDEAL FOR PERSONAL, EXECUTIVE OR CLUB FLYING

*AIRTOURER*  
Model 100 and 115

■ Outperforming anything in its class, the all-metal Victa Airtourer marks an important step forward for Australian light aircraft users. ■ Low running costs, superb reliability, low original outlay make the Victa Airtourer ideal for business use, yet this aircraft has the ability to serve all the purposes of pleasure flying. ■ To Victa strength, quality, comprehensive equipment and superior performance are added the benefits of Australian manufacture and the backing of the whole resources of the Commonwealth-wide Victa Group. Complete construction and performance specifications are available from the Victa Aviation Division. Forward order placing is recommended.

**AUSTRALIA'S OWN FULLY AEROBATIC LIGHT AIRCRAFT**
