CABIN CAPACITY OF 150 CUBIC FEET PLUS ROOMY LUGGAGE LOCKER

KINGSFORD SMITH AVIATION

ONE ONLY AVAILABLE!!!

Completely equipped as follows:—

- ★ GUARANTEED NEW UNUSED PRATT & WHITNEY ENGINE.
- ★ FULL 12 MONTHS' CERTIFICATE OF AIRWORTHINESS.
- ★ COMPLETE "COMMAND" RADIO EQUIPMENT.
- ★ PASSENGER OR FREIGHT FURNISHINGS AS DESIRED.
- ★ ALL BLIND FLYING AND NIGHT FLYING EQUIPMENT.
- ★ TWO LARGE FREIGHT LOADING DOORS.
- ★ STANDARD TANKAGE FOR 1000 MILES RANGE.
- ★ FULLY SOUND-PROOFED AND VENTILATED CABIN.

This outstanding aeroplane, in almost brand new condition, was originally designed for bush flying in Canada, and now enjoys world wide acclaim. It is straightforward and robust in construction, easy to maintain and ideal for operating from confined areas with heavy loads.

The comfortable sound-proofed cabin is speedily converted from passenger accommodation to a large unrestricted freight area, with two removable loading doors.

The 600 horsepower Pratt and Whitney engine gives the aircraft a cruising speed of 140 m.p.h. with a range of 1000 miles with standard tanks.

Dual control is fitted with "swing over" control column, and a bulkhead separates the cabin from the cockpit.

A door on either side of the cockpit allows for simple entry for the pilot or pilots, whilst an emergency door is fitted to the cabin bulkhead.

This outstanding aircraft is the last of a fleet of "Norsemans" and cannot be offered again at this price.
